### **CAMPAIGN CONTRIBUTION DISCLOSURE FORM**

Pursuant to NMSA 1978, § 13-1-191.1 (2006), any person seeking to enter into a contract with any state agency or local public body **for professional services, a design and build project delivery system, or the design and installation of measures the primary purpose of which is to conserve natural resources** must file this form with the state agency or local public body. This form must be filed even if the contract qualifies as a small purchase or a sole source contract. The prospective contractor must disclose whether they, a family member or a representative of the prospective contractor has made a campaign contribution to an applicable public official of the state or a local public body during the two years prior to the date on which the contractor submits a proposal or, in the case of a sole source or small purchase contract, the two years prior to the date the contractor signs the contract, if the aggregate total of contributions given by the prospective contractor, a family member or a representative of the prospective contractor to the public official exceeds two hundred and fifty dollars (\$250) over the two year period.

Furthermore the state agency or local public body shall void and executed contract or cancel a solicitation or proposed award for a proposed contract if; 1) a prospective contractor, a family member of the prospective contractor, or a representative of the prospective contractor gives a campaign contribution or other thing of value to an applicable public official or the applicable public official's employees during the pendency of the procurement process or 2) a prospective contractor fails to submit a fully completed disclosure statement pursuant to law.

**THIS FORM MUST BE FILED BY ANY PROSPECTIVE CONTRATOR WHETHER OR NOT THEY, THEIR FAMILY MEMBER, OR THEIR REPRESENTATIVE HAS MADE ANY CONTRIBUTIONS SUBJECT TO DISCLOSURE.**

The following definitions apply:

**“Applicable public official”** means a person elected to an office or a person appointed to complete a term of an elected office, who has the authority to award or influence the award of the contract for which the prospective contractor is submitting a competitive sealed proposal or who has the authority to negotiate a sole source or small purchase contract that may be awarded without submission of a sealed competitive proposal.

**“Campaign Contribution”** means a gift, subscription, loan, advance or deposit of money or other thing of value, including the estimated value of an in-kind contribution, that is made to or received by an applicable public official or any person authorized to raise, collect or expend contributions on that official's behalf for the purpose of electing the official to statewide or local office. “Campaign Contribution” includes the payment of a debt incurred in an election campaign, but does not include the value of services provided without compensation or unreimbursed travel or other personal expenses of individuals who volunteer a portion or all of their time on behalf of a candidate or political committee, nor does it include the administrative or solicitation expenses of a political committee that are paid by an organization that sponsors the committee.

**“Family member”** means spouse, father, mother, child, father-in-law, mother-in-law, daughter-in-law or son-in-law of (a) a prospective contractor, if the prospective contractor is a natural person; or (b) an owner of a prospective contractor.

**“Pendency of the procurement process”** means the time period commencing with the public notice of the request for proposals and ending with the award of the contract or the cancellation of the request for proposals.

**“Person”** means any corporation, partnership, individual, joint venture, association or any other private legal entity.

**“Prospective contractor”** means a person or business that is subject to the competitive sealed proposal process set forth in the Procurement Code or is not required to submit a competitive sealed proposal because that person or business qualifies for a sole source or a small purchase contract.

**“Representative of a prospective contractor”** means an officer or director of a corporation, a member or manager of a limited liability corporation, a partner of a partnership or a trustee of a trust of the prospective contractor.

**APPENDIX D****SAMPLE PRICE AGREEMENT**

**SANTA FE COUNTY  
PRICE AGREEMENT  
ROAD MAINTENANCE & CONSTRUCTION MATERIALS**

**THIS AGREEMENT** is made and entered into by and between Santa Fe County, New Mexico, a political subdivision of the State of New Mexico, (hereinafter referred to as the "County") and \_\_\_\_\_, located at \_\_\_\_\_ authorized to do business in the County of New Mexico (hereinafter referred to as "the Contractor").

**IT IS MUTUALLY AGREED BETWEEN THE PARTIES:****1. DEFINITIONS**

- A. "County"** shall mean the County of Santa Fe, New Mexico.
- B. "Using Department or Department"** shall mean a Department, Commission or Board of Santa Fe County.
- C. "Purchase Order"** shall mean a fully executed Purchase Document issued by the County Purchasing Department that specifies the items and services to be provided by the Contractor.
- D. "Price Agreement"** means this indefinite quantity Price Agreement which requires the Contractor to provide various emulsion oils to a Using Department which issues a Purchase Order.
- E. "Price"** means the fixed hourly rates and prices paid by the County and its Departments for the various emulsion oils and deliverables as described in Attachment A.

**2. GOODS TO BE PROVIDED**

- A. Purchase.** Attachment A of this Price Agreement lists the prices for the Contractor's tangible goods and services. Attachment A also indicates any specifications required for the tangible goods and services that are subject of this Price Agreement.
- B. Items Listed on Attachment A.** The County may issue Purchase Orders for the purchase of the items listed on Attachment A. Any service ordered by the County must be a service described on Attachment A. All orders issued hereunder must bear both an order number and the number of this Price Agreement No. **2021-0051-PW/APS**.
- C. Quantities.** It is understood that this is an indefinite quantity Price Agreement and the County may purchase any quantity of the item(s) or services listed on Attachment A on an as-needed basis. No guarantee or warranty is made or implied that any order for any definite quantity of item(s) or services be issued under this Price Agreement. The Contractor is required to accept the Purchase Order and furnish the items and services.
- D. Specifications.** The services furnished under this Price Agreement shall meet or exceed the specifications provided in this IFB# 2021-0051-PW/APS including all Addenda.

Orders issued pursuant to this Agreement must show the applicable Price Agreement items(s) or services(s).

**E. Delivery and Billing Instructions.**

1. The Contractor shall deliver the items and services in accordance with the County's instructions. The Contractor shall also deliver, with the services ordered, an invoice listing the order number and the Price Agreement number.
2. Whenever, the Using Department does not accept any deliverable and returns it to the Contractor, all related documentation furnished by the Contractor shall be returned also.
3. The Department will inform the Contractor within five business days that a deliverable is unacceptable by the Using Department.
4. Prices listed in Attachment A, for each item, shall be the fixed prices and rates for the items and services.

**F. Price.** Prices listed in Attachment A for each item shall be the price for that item as adjusted as set forth below.

**G. Periodic Price Adjustments.**

1. The price of items shall be subject to adjustment (increase or decrease) pursuant to this subparagraph to account for fluctuations in the costs of the items that are the subject of this Price Agreement. Adjustments to the prices set forth on Attachment A shall occur within 30 days following issuance of the Bureau of Labor Statistics Index Producers Price Index (Not Seasonally Adjusted)(generally referred to herein as "the PPI") by the U.S. Department of Labor, usually every four months. At that time (the record adjustment date), a price adjustment shall be calculated by adding or subtracting the materials price adjustment to the price of each item set forth on Attachment A. The materials price adjustment shall equal the sum of each adjustment, which shall be calculated in accordance with subsection (3) of this Section. Record price adjustment reflecting a *decrease* in the applicable PPI shall offset previous adjustments resulting from an increase in the applicable PPI. The adjustment shall serve to reduce the price of a particular item in the event that the sum of the adjustments equals a negative number or an increase in the price of an item in the event that the sum of the adjustments equals a positive number.
2. The baseline cost amount for each item set forth on Attachment A shall be as specified on Attachment A (e.g., the price bid for each item). This baseline cost amount shall be used to calculate the adjustments in accordance with subsection (3) of this Section.
3. A record adjustment shall be based on the PPI for that item. At the time of contracting, the specific PPI index for each item shall be identified. On the record adjustment date, record adjustments shall be calculated by multiplying the applicable baseline cost amount associated with the particular item by the record adjustment factor. The record adjustment factor shall be based on the percentage of change in the applicable PPI from the effective date of this Price Agreement (IC) as compared to the applicable PPI on the record adjustment date (IE), and shall be calculated in accordance with the following formula:

$$\text{Record Adjustment Factor} = \text{IE/IC} - 1.00$$

The parties shall execute an amendment to the Price Agreement setting forth each record adjustment within 30 days after the applicable record adjustment date.

### 3. PAYMENT

All payments under this Price Agreement are subject to the following provisions.

- A. Inspection.** Final inspection and acceptance of all items and services ordered shall be made at the destination. Items rejected at the destination for non-conformance with specifications shall be removed, at the Contractor's risk and expense, promptly after notice of rejection.
- B. Acceptance.** In accordance with NMSA 1978, Section 13-1-158, the Using Department shall determine if the items meet specifications, and may accept the items if the items meet specifications. No payment shall be made for any items until the items have been accepted in writing by the Using Department. Unless otherwise agreed upon between the Using Department and the Contractor, within 30 days from the receipt of items, the Using Department shall issue a written certification of complete or partial acceptance or rejection of the items. The time period shall begin at the time of receipt of the final shipment when there are multiple shipments per purchase order. Unless the Using Department gives notice of rejection within the specified time period, the items will be deemed to have been accepted.
- C. Issuance of Orders.** Only written, signed and properly executed purchase orders are valid under this Price Agreement.
- D. Invoices.** The Contractor may submit invoices for payment no more frequently than monthly. The Contractor's invoice shall be submitted in triplicate, duly certified and shall contain the following information: order number, description of supplies or services, quantities, unit prices, extended totals, delivery tickets and applicable taxes. Separate invoices shall be rendered for each and every complete shipment. Invoices must be submitted to the Using Department and not the Purchasing Division.
- E. Payment of Invoices.** Upon written certification from the Using Department that the items have been received and accepted, payment shall be tendered to the Contractor within 30 days. If the payment is made by mail, the payment shall be deemed tendered on the date it is postmarked. After the thirtieth day from the date that written certification of acceptance is issued, late payment charges shall be paid on the unpaid balance due on the Price Agreement to the Contractor at the rate of 1.5 % per month. Payment shall be made to the Contractor's designated mailing address.
- F. Tax Note.** Applicable gross receipts taxes or local option taxes shall be included on each invoice and shown as a separate item to be paid. The payment of taxes for any money received under this agreement shall be the Contractor's sole responsibility and must be reported under the Contractor's federal and county tax identification number(s). If a Using Department is exempt from the New Mexico gross receipts tax or local option taxes for the transaction, the Using Department shall provide the Contractor with written evidence of such exemption(s).

#### 4. TERM

This Price Agreement shall not become effective until approved in writing by all the parties as shown by their signatures below. The term of this Agreement shall be one year. The County has the option to extend the contract at the same price, terms and conditions for a period of three additional years in one year increments. The County may exercise this option by submitting a written notice to Contractor that the Agreement will be extended an additional year. The notice must be submitted to Contractor at least 60 days prior to expiration of the initial Agreement.

#### 5. CANCELLATION

- A. The County reserves the right to cancel without cost to the County all or any part of any order placed under this Price Agreement if the services or deliverables fail to meet the requirements of this Price Agreement.
- B. The failure of the Contractor to perform its obligations under this Price Agreement shall constitute a default of this Price Agreement.
- C. The Contractor may be excused from performance if the Contractor's failure to perform the order arises out of causes beyond the control and without the fault or negligence of the Contractor, unless the County shall determine that the item, to be furnished by a sub-contractor, is obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.
- D. Such causes of excuse include, but are not limited to, acts of God or the public enemy, acts of the County or Federal government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of sub-contractors due to any of the above.
- E. The County may cancel all, or any part, of any order without cost to the County if the Contractor fails to meet material provisions of the order and the Contractor shall be liable for any excess costs incurred by the County that is associated with such default.

#### 6. TERMINATION

- A. **For Convenience.** Consistent with applicable New Mexico laws, this Price Agreement may be terminated by the County, without penalty, at any time prior to the expiration date of this Price Agreement. County will provide at least 20 days prior written notice to the Contractor of the date of termination. Notice of Termination of this Price Agreement shall not affect any outstanding orders issued under this Price Agreement prior to the effective date of termination for convenience by the County.
- B. **For Cause.** Either party may terminate this Agreement for cause based upon material breach of this Agreement by the other party, provided that the non-breaching party shall give the breaching party written notice specifying the breach and shall afford the breaching party a reasonable opportunity to correct the breach. If, within 30 days, after receipt of a written notice, the breaching party has not corrected the breach or, in the case of a breach which cannot be corrected in 30 days, begin and proceed in good faith to correct the breach, the non-breaching party may declare the breaching party in default and terminate the Agreement effective immediately. The non-breaching party shall retain any and all other remedies available to it under the law.

Payment under this Price Agreement shall not foreclose the right of the Department to recover excessive or illegal payments.

## **11. APPROPRIATIONS**

The terms of this Price Agreement, and any orders placed under it, are contingent upon sufficient appropriations and authorization being made by the Board of County Commissioners for the performance of this Price Agreement. If sufficient appropriations and authorization are not made, this Price Agreement, and any orders placed under it, shall terminate upon written notice being given to the Contractor. The County's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final.

## **12. CONFLICT OF INTEREST**

The Contractor warrants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with any performance required under this Price Agreement. The Contractor shall comply with any applicable provisions of the New Mexico Governmental Conduct Act and the New Mexico Financial Disclosures Act.

### **13. APPROVAL OF CONTRACTOR'S REPRESENTATIVES**

The County reserves the right to require a change in Contractor representatives if the assigned representatives are not, in the opinion of the County, serving the needs of the County adequately.

### **14. SCOPE OF AGREEMENT, MERGER**

This Price Agreement incorporates all the agreements, covenants, and understandings between the parties hereto concerning the subject matter hereof and all such covenants, agreements and understandings have been merged into this written Price Agreement.
