Section 6: Project Schedule

Project coordination with all stakeholders is key to a successful project. We have roughly planned this project as shown in the schedule that follows. The proposed start date is May 1st with a kickoff meeting, and our proposed presentation to the Board of County Commissioners is scheduled for March, 2020. In our kickoff meeting, we propose refining this schedule so that it better speaks to Santa Fe County's needs. While there are only 3 review cycles shown below, this is not meant to define the review process; this is simply for proposal purposes.

Data availability is also vital to a smooth completion of the project objectives. In this, we are truly a team, working together to complete an objective. For identified data gaps, we anticipate close coordination with Santa Fe County as we collectively make decisions that impact calculations, schedules, and proposed budgets.
