("GF"), consistent with the Interconnection Request submitted by Interconnection Customer dated 2/2/2019 to PNM; and

WHEREAS, Interconnection Customer is a Generating Facility under New Mexico Public Regulation Commission ("NMPRC") Rule 17.9.568 NMAC ("Rule 568") and the New Mexico Interconnection Manual ("Interconnection Manual"); and

WHEREAS, Interconnection Customer desires to interconnect the GF with PNM's electric power distribution systems; and

WHEREAS, Interconnection Customer has requested PNM to perform a supplemental review ("Supplemental Review") to assess the impact of interconnecting the GF to PNM's electric power distribution systems and any other PNM systems affected by such interconnection (collectively, "EPS").

NOW, THEREFORE, in consideration of and subject to the mutual covenants contained herein, the Parties agree as follows:

1.0 OVERVIEW; PERFORMANCE OF STUDY

Interconnection Customer elects and PNM shall cause a Supplemental Review to be performed in accordance with the requirements of Rule 568 and consistent with Section 7.2 of the Interconnection Manual. The Supplemental Review will assess and determine the physical and electrical impacts on the EPS to connect the Interconnection Customer's GF to the EPS.

PNM shall use its sole discretion (subject to Section 3.0 *Scope of Study* and Section 4.0 *Study Standards* hereof) as to the scope, details and methods used in the Supplemental Review.

2.0 COST OF THE STUDY

PNM agrees to provide all necessary labor, materials, facilities, equipment, transportation and supervision necessary to perform the Supplemental Review for Interconnection Customer.

Interconnection Customer agrees to compensate PNM in accordance with Section 6.0, *Payment for Study Work* of this Agreement. PNM estimates the cost to be \$4,410.00 as described in Appendix B, attached hereto and made a part hereof.

3.0 SCOPE OF STUDY

The scope of the Supplemental Review shall be subject to the assumptions set forth in Appendix A to this Agreement.

Upon conclusion of the Supplemental Review, PNM shall prepare a report ("Supplemental Review Report"), which shall provide the following information:

- a. Identification of any short circuit capability limits exceeded on EPS equipment as a result of the interconnection;
- b. Identification of any thermal overload, voltage limit violations, or voltage flicker resulting from the interconnection;
- c. Identification of any grounding issues resulting from the interconnection; and
- d. Description and non-binding, good faith estimated cost of facilities required to interconnect the GF to the EPS and to address the identified short circuit, protection and set point coordination, grounding, voltage drop, voltage flicker, and power flow issues.

4.0 STUDY STANDARDS

In performing the Supplemental Review, PNM will use appropriate electric utility practices to determine whether the GF can be interconnected to the EPS safely and reliably. Each Party will perform its obligations as set forth in this Agreement in a manner that reflects best practices in the electric industry and that are consistent with regional practices, applicable laws and regulations, and the organizational nature of each Party. All of the terms and provisions, to the extent practicable, shall be consistent with the provisions of Rule 568.

5.0 INFORMATION REQUESTS

Interconnection Customer will provide such information as reasonably requested by PNM as is necessary for PNM to complete the Supplemental Review. PNM reserves the right to request additional technical information from Interconnection Customer as may reasonably become necessary during the course of performing the Supplemental Review. If Interconnection Customer modifies its designated point of interconnection, Interconnection Request, or the technical information provided therein is modified, the time to complete the Supplemental Review may be extended. Interconnection Customer shall furnish, within ten (10) days, written responses to reasonable requests for information submitted by PNM.

6.0 PAYMENT FOR STUDY WORK

Interconnection Customer acknowledges that PNM would not incur costs under this Agreement but for the need to complete the Supplemental Review for the Interconnection Customer. As such, all costs incurred by PNM under this Agreement shall be the responsibility of Interconnection Customer. Upon completion of the Supplemental Review Report, PNM shall charge and Interconnection Customer shall pay the actual costs of the Supplemental Review as set forth below.

Interconnection Customer has provided PNM non-refundable deposits totaling \$4,410.00 (collectively, "Deposit"). The Deposit shall be applied toward the costs of the Supplemental Review Study. Interconnection Customer shall pay any review costs that exceed the Deposit

within twenty (20) business Days of receipt of the invoice. If the Deposit exceeds the invoiced costs, PNM will return the excess amount within twenty (20) Business Days of the invoice, without interest.

This Agreement will automatically terminate one (1) year from the effective date unless the term is extended by written agreement of the Parties or the Agreement is earlier terminated in accordance with this Section 9.0. PNM shall have the right to terminate this Agreement at any

time by providing written notice to Interconnection Customer if Interconnection Customer materially breaches this Agreement and fails to cure such material breach within fifteen (15) days of such notice. All expenses incurred by PNM for the benefit of the Interconnection Customer prior to such termination shall continue to be the sole responsibility of the Interconnection Customer.

Either Party may terminate this Agreement at any time by providing ten (10) days' advance written notice to the other. The term Uncontrollable Force shall mean any cause beyond the control of the Party affected, including but not limited to failure of facilities, flood, earthquake, storm, fire, lightning, epidemic, war, riot, civil disturbance, labor dispute, sabotage, and restraint by court order or public authority or failure to obtain necessary approval from a governmental authority, which by exercise of due diligence and foresight such Party could not reasonably have been expected to avoid and which by exercise of due diligence it shall be unable to overcome. Either Party rendered unable to fulfill any obligations by reason of an Uncontrollable Force shall exercise due diligence to remove such inability with all reasonable dispatch.

13.0 LIABILITY AND INDEMNITY

Subject to the following sentence, neither of the Parties, nor any of their successors or assigns, or the respective shareholders, partners, assigns, directors, officers, agents or employees or representatives of either of them, shall be liable to the other for consequential, special, exemplary, indirect or incidental losses or damages, including revenues from lost power, cost of capital, loss of goodwill, loss of revenues or profit, and each Party hereby releases the other and each of such persons from any such liability. PNM acknowledges that, as a political subdivision of the state of New Mexico, Interconnection Customer Santa Fe County's sole liability to PNM with respect to its tortious acts shall be provided in, and subject to the procedures and limitations of the New Mexico Tort Claims Act, Section 41-4-1, et seq., NMSA 1978.

14.0 ASSIGNMENTS

Neither Party shall assign this Agreement unless the other Party consents to such assignment, which consent shall not be unreasonably withheld or delayed. Notwithstanding the foregoing, PNM may assign this Agreement to its corporate parent or any corporate affiliates without the consent of Interconnection Customer.

15.0 DEFINITIONS; ENTIRE AGREEMENT

Unless otherwise defined herein, the capitalized terms used in this Agreement shall have the same meanings as in Rule 568. This Agreement supersedes any and all proposals and/or understandings, oral and written relating to the Supplemental Review between the Parties and

constitutes their sole and only Agreement relating to the Supplemental Review. This Agreement shall not be construed as creating any obligation of either Party to construct facilities, interconnect to PNM's system or for PNM to provide distribution service.

16.0 AMENDMENT

The Parties may by mutual agreement amend this Agreement by a written instrument duly executed by the Parties.

17.0 NO PARTNERSHIP

This Agreement shall not be interpreted or construed to create an association, joint venture, agency relationship, or partnership between the Parties or to impose any partnership obligation or partnership liability upon either Party. Neither Party shall have any right, power or authority to enter into any agreement or undertaking for, or act on behalf of, or to act as or be an agent or representative of, or to otherwise bind, the other Party.

18.0 SUCCESSORS AND ASSIGNS

This Agreement shall be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns.

PNM makes no warranties or representations regarding this Agreement, the Supplemental Review or the Supplemental Review Agreement.

20.0 SURVIVAL OF OBLIGATIONS AND LIABILITIES
