RECITALS

WHEREAS, the County needs road construction and maintenance services on an “on-call” basis and as-needed for a variety of projects throughout the County as funding becomes available and as specific needs are identified; and

WHEREAS, pursuant to NMSA 1978, Section 13-1-112 NMSA 1978, competitive sealed proposals were solicited through Request for Proposal (RFP) No. 2018-0071-PW/MM for these services; and

WHEREAS, the County selected multiple qualified and experienced contractors to assist the County in a variety of road construction projects pursuant to NMSA 1978, Section 13-1-154.; and

WHEREAS, based upon the evaluation criteria stated in the RFP for the purpose of determining the most qualified offerors, the County has determined the Contractor as one of the most responsive and highest rated offerors; and

WHEREAS, the County requires the services of the Contractor and the Contractor is willing to provide these services and both parties wish to enter into this Agreement.

NOW THEREFORE, in consideration of the premises and mutual obligations herein in Parts A and B of this Agreement, the parties hereto agree as follows:

1. PURPOSE OF THIS ON-CALL AGREEMENT

The purpose of this Agreement for road construction and maintenance services on an “on-call” basis is to provide for the timely availability of road construction services for projects as needed by the County. During the term of this on-call Agreement, the County in its sole discretion will determine the projects to be assigned to the Contractor. When assigning a project to the Contractor, the County will issue a Project Assignment using the Attachment 1 form attached hereto. The assignment will include a description of the assigned scope of work or services, a project schedule and the Contractor’s costs and compensation for completion of the assigned project. If the Contractor plans to use consultants or subcontractors for a particular project assignment the Contractor will also provide a completed Sub Contractor’s form indicated on Exhibit F, attached hereto. For each project assignment the County will send the Contractor a notice to proceed with the assignment using the Authorization to Proceed form (Exhibit K and Attachment 2).

2. SCOPE OF WORK

A. The scope of work as determined by the County will be described on Attachment 1 at the time a Project Assignment is made to the Contractor.

3. COMPENSATION, INVOICING, AND SET-OFF

A. In consideration of its obligations under this Agreement the Contractor shall be compensated as follows:

- 1) Contractor acknowledges and agrees that this Agreement executed by the parties does not authorize the performance of any services or work, commit funds to compensate Contractor for any services or work performed, or obligate the County to compensate the Contractor for any services or work. Services or work shall be authorized by issuance of a Project Assignment (Attachment 1) together with a purchase order issued by the County to the Contractor after execution of this Agreement, which purchase order shall set forth the matter for which services or work is authorized and the maximum compensation available for the authorized services or work. The total maximum compensation available to Contractor under this Agreement and all Project Assignments issued under this Agreement shall not exceed \$2,000,000.00, exclusive of NM grt, over the term of this Agreement and/or any one purchase order issued under this Agreement shall not exceed \$500,000, exclusive of NM grt.
- 2) For all purchase orders issued under this Agreement, the County shall compensate the Contractor for services satisfactorily performed. All costs and expenses shall be in accordance with Exhibit A (Bid Sheets) and as stated in the Project Assignment (Attachment 1, Project Assignment form).
- 3) The total amount payable to the Contractor under this Agreement, exclusive of NM grt shall not exceed \$2,000,000.00 over the term of this Agreement. Any NM grt levied on the amounts payable under this Agreement shall be paid by the County to the Contractor.
- 4) This amount is a maximum and not a guarantee that the work assigned to be performed by Contractor under this Agreement shall equal the amount stated herein. The parties do not intend for the Contractor to continue to provide services without compensation when the total compensation amount is reached. The County will notify the Contractor when the services provided under this Agreement reach the total compensation amount. In no event will the Contractor be paid for services provided in excess of the total compensation amount without this Agreement being amended.

B. The Contractor shall submit a written request for payment, on the form attached hereto as Exhibit B (Pay Request form), when payment is due under this Agreement. Upon the County's receipt of the written request, the County shall issue a written certification of complete or partial acceptance or rejection of the

contractual items or services for which payment is sought. The Contractor acknowledges and agrees that the County may not make any payment hereunder unless and until the County has issued a written certification accepting the contractual items or services. Within 30 days of the issuance of a written certification accepting the contractual items or services, the County shall tender payment for the accepted items or services. In the event the County fails to tender payment within 30 days of the written certification accepting the items or services, the County shall pay late payment charges of one and one-half percent (1.5%) per month, until the amount due is paid in full.

- C. In the event the Contractor breaches this Agreement, the County may, without penalty, withhold any payments due the Contractor for the purpose of set-off until such time as the County determines the exact amount of damages it suffered as a result of the breach.
- D. Payment under the Agreement shall not foreclose the right of the County to recover excessive or illegal payment.

The Contract Documents consist of the following:

- Part A Agreement between County and Contractor for Construction Services
- Part B General Conditions of the Construction Contract
- Conditions of the Work of the Construction Contract
- New Mexico State Department of Transportation (NMDOT)
- Standard Specification for Highway and Bridge Construction, (2014 Ed.)
- A Project Assignment issued by the County to the Contractor

ARTICLE 2 THE WORK

2.1 THE WORK

The work under this contract is located within Santa Fe County, New Mexico. The work consists of, but is not limited to road construction/installation of drainage structures, water crossings, turning and bike lanes, grading and drainage improvements; paving, striping, milling and overlay, and traffic control for various County Roads, Driveways and Parking Lot Construction projects within Santa Fe County.

2.2 THE PROJECT

The Project for which the Work under the Contract Documents may be the whole or only a part is generally described as follows: Road Construction and Maintenance Services basis for miscellaneous road construction projects located throughout Santa Fe County. As applicable, Unit pricing shall be established for each category of construction and quantities shall be determined on a per project basis when a Project Assignment is issued.

ARTICLE 3 EFFECTIVE DATE, TIME OF COMMENCEMENT, SUBSTANTIAL COMPLETION AND AMENDMENTS

3.1 EFFECTIVE DATE

The Effective Date of this Agreement is the date of last signature by the parties hereto. The term shall terminate four years later, unless earlier terminated pursuant to Section 8 (Termination) or 9 (Appropriations and Authorizations) of these General Conditions.

3.2 TIME OF COMMENCEMENT

The work as defined in Attachment 1 to be performed under this Contract shall be commenced no later than ten consecutive calendar days after the date of written Notice to Proceed issued by the County, hereto attached as Exhibit K.

3.3 SUBSTANTIAL COMPLETION

The Contractor shall achieve Substantial Completion as stated in the Project Assignment and the Notice to Proceed, except as hereafter extended by valid written Change Order. A Certificate of Substantial Completion, attached hereto as Exhibit P, will be issued by the County to the Contractor when it is certified that the Contractor has achieved Substantial Completion.

3.4 TIME FOR COMPLETION AND LIQUIDATED DAMAGES

Should the Contractor neglect, refuse, or otherwise fail to complete the Work within the Contract Period specified in the Project Assignment (Attachment 1), the Contractor agrees that Liquidated

Damages in the amount specified in the NMDOT Standard Specifications for Highway and Bridge Construction shall be assessed for each day that expires after the Contract Period until the date the Contractor achieves substantial completion, as adjusted by any change order, and until issuance by the County of a certificate of Substantial Completion in accordance with Paragraph 7 (Effective Date and Term) of the General Conditions.

- A. It is hereby understood and mutually agreed, by and between the Contractor and the County, that the date of beginning and the time for completion as specified in the contract of the work to be done hereunder are *essential conditions* of this contract and it is further mutually understood and agreed that the work outlined in this contract shall be commenced on a date to be specified in the "Notice to Proceed."
- B. The Contractor agrees that work shall be prosecuted regularly, diligently and uninterruptedly at such rate of progress as will insure full completion thereof within the time specified. It is expressly understood and agreed, by and between the Contractor and the County, that the time for the completion of the work described in a Project Assignment is a reasonable time for the completion of the same, taking into consideration the average climatic range and usual industrial conditions prevailing in this locality.
- C. If the Contractor shall neglect, fail or refuse to complete the work in a Project Assignment within the time herein specified or any proper extension thereof granted by the County, then the Contractor does hereby agree, as a part consideration for the awarding of this contract, to pay to the County the amount specified in the contract, not as a penalty but as liquidated damages for such breach of contract as herein set forth, for each and every calendar day that the contract shall be in default after the time stipulated in the contract for completing the work.
- D. The amount is fixed and agreed upon by and between the Contractor and the County because of the impracticability and extreme difficulty of fixing and ascertaining the actual damages the County would in such event sustain, and the amount is agreed to be the amount of damages which the County would sustain and the amount shall be retained from time to time by the County from current periodical estimates.
- E. It is agreed that time is of the essence of each and every portion of this contract and of the specifications wherein a definite and certain length of time is fixed for the performance of any act whatsoever and where under the contract an additional time is allowed for the completion of any work, the new time limit fixed by such extension shall be of the essence of this contract. Provided that the Contractor shall not be charged with liquidated damages or any excess cost when the County determines that the Contractor is without fault and the Contractor's reasons for the time extension are acceptable to the County. Provided that the Contractor shall not be charged with liquidated damages or any excess cost when the delay in completion of the work is due:
 - 1. To any preference, priority or allocation order duly issued by the County;
 - 2. To unforeseeable cause beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, or of the public enemy,

acts of the County, acts of another contractor in the performance of a contract with the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and severe weather;

3. To any delays of subcontractors or suppliers occasioned by any of the causes specified in subsections above.

- F. Provided further, that the Contractor shall, within ten days from the beginning of such delay, unless the County shall grant a further period of time prior to the date of final settlement of the contract, notify the County in writing of the causes of the delay, who shall ascertain the facts and extent of the delay and notify the Contractor within a reasonable time of its decision in the matter.

3.5 AMENDMENTS

This Agreement may be amended by a written amendment executed by the parties in the form of Exhibit C. Any such amendment shall be in accordance with Paragraph 10 (Amendments – Change Orders) of the General Conditions. Unless otherwise agreed to by the parties, an amendment shall not affect any outstanding Purchase Order(s) issued by the County prior to the effective date of the amendment.

A Project Assignment issued under this Agreement may be amended by mutual agreement of both parties using the Change Order form attached hereto as Exhibit L.

ARTICLE 4 PROGRESS PAYMENTS

4.1 PROGRESS PAYMENTS

Based upon an Application for Payment submitted to the County by the Contractor and Certificates for Payment issued by the County, the County shall make progress payments on account of the Contract sum to the Contractor as provided in the Contract documents for the period ending the last day of the month as follows:

- A. No later than 21 working days following receipt by the County of an undisputed Application for Payment, one hundred percent (100%) of the portion of the Contract Sum properly allocable to labor, materials, and equipment incorporated in the Work and one hundred percent (100%) of the portion of the Contract Sum properly allocable to materials and equipment suitably stored at the site or some other location agreed upon in writing for the period covered by the Application for Payment, less the aggregate of previous payments made by the County; less such amounts as the Engineer shall determine for all incomplete Work and unsettled claims as provided in the Contract Documents (Section 57-28-5, NMSA 1978).
- B. When making payments, the County, Contractor or subcontractor shall not retain, withhold, hold back or in any other manner not pay amounts owed for work performed. For

additional information regarding retainage and the Prompt Payment Act (refer to Section 57-28-5, NMSA 1978).

- C. Contractors and subcontractors shall make prompt payment to their subcontractors and suppliers for amounts owed for work performed on the construction project within 21 days after receipt of payment from the County, contractor or subcontractor. If the contractor or subcontractor fails to pay its subcontractor and suppliers by first-class mail or hand delivery within twenty-one days after receipt of an undisputed request for payment, the contractor or subcontractor shall pay interest to its subcontractors and suppliers beginning on the 22nd day after payment was due, computed at one and one-half percent of the undisputed amount per month or fraction of a month until payment is issued. These payment provisions apply to all tiers of contractors, subcontractors and suppliers (Section 57-28-1 et. seq. NMSA 1978).
- D. In preparing estimates the material delivered on the site and preparatory work done may be taken into consideration.
- E. All material and work covered by partial payments made shall thereupon become the sole property of the County, but this provision shall not be construed as relieving the Contractor from the sole responsibility for the care and protection of materials and work upon which payments have been made or the restoration of any damaged work, or as a waiver of the right of the County to require the fulfillment of all of the terms of the contract.
- F. County's right to withhold certain amounts and make application thereof. The Contractor agrees that it will indemnify and hold the County harmless from all claims growing out of the lawful demands of subcontractors, laborers, workmen, mechanics, material men, and furnisher of machinery and parts thereof, equipment, power tools, and all supplies, including commissary, incurred in the furtherance of the performance of this contract or any Project Assignment issued under this Agreement. The Contractor shall, at the County's request, furnish satisfactory evidence that all obligations of the nature hereinabove designated have been paid, discharged, or waived. If the Contractor fails so to do, then the County may, after having served written notice on the said Contractor, either pay unpaid bills, of which the County has written notice, direct, or withhold from the Contractor's unpaid compensation a sum of money deemed reasonably sufficient to pay any and all such lawful claims until satisfactory evidence is furnished that all liabilities have been fully discharged whereupon payment to the Contractor shall be resumed, in accordance with the terms of this contract, but in no event shall the provisions of this sentence be construed to impose any obligations upon the County to either the Contractor or its Surety. In paying any unpaid bills of the Contractor, the County shall be deemed the agent of the Contractor, and any payment so made by the County shall be considered as a payment made under the contract by the County to the Contractor and the County shall not be liable to the Contractor for any such payments made in good faith.

ARTICLE 5 FINAL PAYMENT

5.1 FINAL PAYMENT

The entire unpaid balance of the Contract Sum of a Project Assignment, shall be paid by the County to the Contractor within 30 calendar days after notification of the County and/or by the Engineer (if applicable) that all incomplete and unacceptable work that was noted during the Substantial Completion Inspection and listed on the attachment to the Certificate of Substantial Completion has been corrected, and provided the scope of work under the Project Assignment has been fully performed and a final Certificate for Payment has been issued by the Engineer. In addition, for each Project Assignment the Contractor shall provide to the County a certified statement of Release of Liens and Consent of Surety.

5.2 ACCEPTANCE OF FINAL PAYMENT CONTITUTES RELEASE

The acceptance by the Contractor of final payment shall be and shall operate as a release to the County of all claims and all liability to the Contractor for all things done or furnished in connection with a Project Assignment and for every act and neglect of the County and others relating to or arising out of this work.
