### **3. BASIS FOR COMPENSATION**

The fee for basic services generally is based on a percentage of the Maximum Allowable Construction Cost (MACC) as may be adjusted by building type, design complexity, and scope of work. In this case the scope of the services will assist the County in identifying the MACC. The County approved budgeted amount for the master planning services is \$149,951.96. The MACC for the purpose of calculating the fee for basic services is not applicable for the purposes of this Agreement. If, at any time, the MACC and/or the percentage are changed by amendment, the basic services fee shall be adjusted as appropriate. No fee adjustment shall be made for phases already completed.

### **4. COMPENSATION, INVOICING, AND SET-OFF**

- A. In consideration of its obligations under this Agreement the Architect shall be compensated as follows:
- B. County shall pay to the Architect in full payment for services satisfactorily performed and all costs and expenses shall be in accordance with Exhibit A (Compensation and Schedule) and Attachment 2 (Architect's Hourly Rate Fee).
  - 1) The total amount payable to the Architect under this Agreement, exclusive of gross receipts tax, shall not exceed One Hundred Thirty Nine Thousand Seven Hundred Thirty Three Dollars and Ninety Two Cents (\$139,733.92). Any New Mexico gross receipts tax levied on the amounts payable under this Agreement shall be paid by the County to the Architect;
  - 2) This amount is a maximum and not a guarantee that the work assigned to be performed by Architect under this Agreement shall equal the amount stated herein. The parties do not intend for the Architect to continue to provide services without compensation when the total compensation amount is reached. The County will notify the Architect when the services provided under this Agreement reach the total compensation amount. In no event will the Architect be paid for services provided in excess of the total compensation amount without this Agreement being amended.
- C. The Architect shall submit a written request for payment, on the form attached hereto as Exhibit B (Architect Pay Request form), when payment is due under this Agreement within each phase of services. Upon the County's receipt of the written request, the County shall issue a written certification of complete or partial

- D. In the event the Architect breaches this Agreement, the County may, without penalty, withhold any payments due the Architect for the purpose of set-off until such time as the County determines the exact amount of damages it suffered as a result of the breach.
- E. Payment under the Agreement shall not foreclose the right of the County to recover excessive or illegal payment.
- F. The Architect shall submit, with its billings at the completion of an assigned project, certification that payment has been made to all consultants, suppliers, and others for materials and services required by this Agreement.
- G. No deductions or withholdings shall be made from the Architect's compensation on account of penalty, liquidated damages, or other sums withheld from payments to Contractors, or on account of the cost of changes in the Work other than those for which the Architect may be legally liable in accordance with this Agreement.

In the event the County determines the claim to be valid and payment is due, or in the absence of aforementioned documentation, the County may authorize direct payment of any unpaid bills, withholding from the Architect's unpaid compensation a sum of money deemed reasonably sufficient to pay any and all such claims until satisfactory documentation is furnished that all liabilities have been fully discharged or reasons for non-payment of disputed amounts are provided by the Architect. In no event shall these provisions be construed to impose any obligation upon the County to the Architect.

- I. In the event of termination or suspension of a project due to the fault of parties other than the Architect, the Architect shall be compensated for services performed to the date of termination.

## 5. BASIC SERVICES

- 4) The Architect shall obtain the approval of the County, in writing, of the Program Phase before commencing work on the Schematic Design Phase. The Architect shall provide written confirmation, to be transmitted with the Program Document to the County, that the Architect has visited the site, familiarized itself with the local conditions under which the work is to be performed, correlated its observations with current code requirements and life safety needs, and has a clear understanding of existing conditions for a project.

B. **Schematic Phase.** Upon completion of the Programming Phase the Architect shall produce studies consisting of drawings and other documents necessary to illustrate the general planning concepts, probable architectural, engineering, and building systems, materials and preliminary alternatives, a breakdown of the budget on current area, volume, or other unit costs, and the approximate dimensions of the programmed areas. The number of iterations of such studies produced shall be sufficient to accomplish and demonstrate a design concept for a project that is satisfactory to the County. The Architect shall incorporate in the Schematic Design Drawings and documents the provisions of Green Building Standards and current State-adopted Building Code and current ASHRAE 90.1 are incorporated herein by reference. Where applicable, the provisions of these documents shall apply. The Architect shall brief, and obtain the written approval from the County for the Schematic Design Drawing and documents. - B. Through the observations of such Project Representative(s), the Architect shall provide further protection for the County against defects and deficiencies in the Work to determine that the Work is carried out in conformance with the plans and specifications; but the furnishing of such project representation shall not diminish the rights, responsibilities, or obligations of the Architect as described in this Agreement.
- C. The County reserves the right to designate a County Representative in lieu of the Architect's Project Representative to provide additional site representation for the County beyond that provided by the Architect. If the County elects to provide a County Representative in lieu of a Project Representative, this subsection shall not diminish the rights, responsibilities, or obligations of the Architect established in this Agreement. The County Representative's duties and limits of authority shall be established so as not to conflict with those of the Architect. Examples include reports, photographs, and manuals created by using a variety of software packages and file formats. Confirm deliverable format preference with the County.
- G. Building Information Modeling (BIM). Projects and project teams are encouraged to utilize 3D object model and other building information model technology and software applications (including during project stages of planning, design, construction, and handover to space management and facility operations and maintenance). surveys shall be County-provided, as Additional Services or a reimbursable expense.

## **15. CIVIL ENGINEERING**

The Architect shall, during the Schematic Design Phase, submit to the County a statement of need and extent of civil engineering required for the project to protect new and existing structures on or around the site from adverse conditions. ## **16. STANDARD OF CARE**

The Architect represents that its officers, agents, employees and consulting professionals and subcontractor possess the experience, knowledge, and character necessary to qualify them individually for the services to be performed by them under this Agreement. All services shall be performed in accordance with the standards of their respective profession. ## **17. APPLICATION OF PROFESSIONAL SEALS**

Final technical reports and all bidding documents shall contain a legible seal, signature, date and license expiration date of the design professional responsible for the document or under whose supervision the document was prepared. For project manuals and technical reports the seal shall be provided by the design professional responsible for the overall coordination of a project. If more than one design professional has responsibility for portions of the work, additional seals may be provided on the cover, or on a separate signature sheet immediately following the table of contents.

The Architect shall submit, for the County's approval and as part of this Agreement, a Schedule of Performance of the Architect's services and shall include allowances for periods of time required for the County's review and approval of submissions and for approvals of authorities having jurisdiction over a project. This schedule, when approved by the County, shall not, except for reasonable cause not within the control of the Architect, be exceeded by the Architect. Failure of the Architect to perform within a schedule except through authorized extensions shall constitute a basis for termination and/or withholding of payment until schedule compliance is achieved by the Architect.

## 21. REIMBURSABLES

Reimbursable expenses are those in addition to Basic Services compensation and are the actual, incidental expenditures made by the Architect or its employees in the interest of a project. The Architect shall incur no expenses for which the Architect is entitled reimbursement until the County gives written approval. Reimbursable expenses shall include, but not limited to, the following:

- A. Expenses of transportation when traveling in connection with a project. Such expenses are limited to per diem and mileage rates are set forth in the Per Diem and Mileage Act, Section 10-8-1 to 10-8-8, NMSA 1978 and DFA Rule 95-1 as amended, except that the County shall authorize such travel in advance.
- B. Expenses of fees paid for securing approvals of authorities having jurisdiction over a project.
- C. The Architect shall charge Bidders or Offerors a deposit fee equal to the full cost of reproduction of drawings, specifications, and other documents required by the County to solicit bids or proposals and execute the Construction Contract. This fee shall be completely refunded if the documents are returned in usable condition within the time frame specified in the Invitation for Bid or Request for Proposals. All forfeited fees shall be returned to the County.
- D. Construction documents and specifications will be printed by the lowest quote received from print rooms specified by the County. All reproduction required must be approved in writing by the County prior to request. This expense shall be paid by the County for the initial Bidding and by the Architect for subsequent Biddings. All other reproductions as may be required for the County's review or for the office use of the Architect and the Architect's consultants shall be provided as part of the Architect's Basic Compensation.
- E. Reimbursable expenses, if allowed by this Agreement, shall be compensated at direct cost not to exceed the reimbursable amounts as indicated in Exhibit A of this Agreement, unless otherwise modified by written amendment.

## 22. OWNER'S RESPONSIBILITIES

- A. The County may designate, in writing, a representative authorized to act in its behalf, however, authority for final approval of the Project Phase Documents, the Contract Documents, or any Change Order is retained by the County. The County shall examine documents submitted by the Architect and shall render decisions promptly to avoid unreasonable delay in the progress of the Architect's services.
- B. The County may designate a Project Manager for the project who shall be the County's primary representative in the administration of this Agreement. The Architect will report to the County's Project Manager. All correspondence from the Architect shall be communicated to the Project Manager.
- C. The County shall ensure review in writing of each project phase and shall notify the Architect of the accord.
- D. The County shall furnish a legal description and certified land survey of the site, giving, as applicable grades and lines of streets, alleys, pavements, and adjoining property; rights-of-ways, restrictions, easements, encroachments, zoning, deed restrictions, boundaries, and contours of the site; locations, dimensions, and complete data pertaining to existing buildings, other improvements, and trees, and full information concerning available service and utility lines both public and private, above and below grade, including inverts and depths.

- F. The County reserves the right not to provide certain project-related documents or drawings to the Architect at the County's discretion.
- G. If the County observes or otherwise becomes aware of any fault or defect in a Project or nonconformance with the Contract Documents, prompt written notice thereof shall be given by the County to the Architect.
- H. The County shall furnish required information and services and shall render approvals and decisions as expeditiously as necessary for the orderly progress of the Architect's services and of the Work.

## 23. RESPONSIBILITY FOR CONSTRUCTION COST

- A. When the detailed statement of probable construction cost required by subparagraph 5.D.11 or an evaluation prepared by the Architect indicates that a project exceeds the MACC, the provisions outlined below shall apply:
- 1) Evaluations of the County's project budget, statements of probable construction cost, and detailed estimates of construction cost prepared by the Architect represents the Architect's best judgment as a design professional familiar with the construction industry. It is recognized, however, that the Architect does not have control over the cost of labor, materials, or equipment; over the Contractor's methods of determining bid prices; or over competitive bidding, market, or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the a project budget proposed, established, or approved by the County, or from any Statement of Probable Construction Cost or other cost estimate or evaluation prepared by the Architect.
  - 2) The MACC may be adjusted by the County at the completion of the Programming Phase, and the design fees shall be modified. The MACC, at the start of the Schematic Design Phase, may only be adjusted based upon modifications to the Scope of Work approved in advance by the County. The Architect shall notify the County in writing at any time the estimated cost of construction is expected to exceed the MACC. The Architect's written notification shall include a detailed explanation and shall provide suggestions for reducing the estimated cost so that it does not exceed the MACC. The County agrees to cooperate with the Architect and permit reasonable and necessary revisions or reductions to the scope of a project. The Architect agrees to revise the drawings and specifications as necessary at no additional expense to the County, if so requested by the County, in order to bring the estimated cost within the MACC.
  - 3) The MACC is established, as a condition of this Agreement, as a fixed limit of Construction Cost for design and bidding purposes. The Architect shall be permitted to determine what materials, equipment, component systems, and types of construction are to be included in the Bidding or Proposal Documents to bring Construction Cost within the MACC. With the written consent of the County, the Architect may also include in the Bidding or Proposal Document either additive or deductive alternate bids or proposals to adjust the Construction Cost to the fixed limit.
  - 4) If bidding or negotiations with potential Contractors have not commenced within two months after the Architect submits Bidding or Proposal Documents to the County, the project budget and/or MACC shall be adjusted to reflect

any change in the general level of prices in the construction industry between the date of submission of the Bidding or Proposal Documents to the County and the date on which proposals are sought.

- 5) The MACC, therefore, is established as a condition of this Agreement. When it is exceeded by the lowest bona fide bid, the County may:
  - a. Give written approval of an increase on the MACC, or
  - b. Authorize re-bidding of a project within a reasonable time, and
  - c. Cooperate with the Architect in revising the project scope and, as required, to reduce the Probable Construction Costs.

If the County elects to reduce the Probable Construction Cost, the County shall cooperate with the Architect in revising the quality and scope of a project; and the Architect, without additional charge for services or re-printing of the Drawings and Specifications shall modify the Drawings and Specifications as necessary to bring the Construction Cost within the MACC. The Architect shall then assist the County through the Bidding process (see Subparagraph 5.E).

#### **24. ARCHITECT'S RECORDS AND AUDIT**

- A. Records of expenses by the Architect and its consultants pertaining to all services under this Agreement shall be kept on the basis of generally accepted accounting principles and shall be available at mutually convenient times to the County or the County's authorized representative.
- B. The County shall have the right to audit all such records and billings both before and after payment. Payment under this Agreement shall not foreclose the right of the County to recover excessive or illegal payments.
- C. Records of expenses shall be kept by the Architect and its consultants and shall be available to the County until all applicable statutes of limitation have run, and this provision shall survive and continue beyond the termination of other terms of this Agreement.
- D. These records shall be subject to inspection by the County and shall be maintained for inspection for a period of three years. Billings may be audited both before and after payment; and payment by the County under this Agreement and shall not foreclose the right of the County to recover excessive or illegal payments.

#### **25. OWNERSHIP AND USE OF DOCUMENTS**

- A. Original construction document drawings, designs, specifications, notes, project manuals, and/or related documents and other work developed in the performance of this Agreement by the Architect shall become the sole property of the County whether the project for which they are made is constructed or not, pursuant to Section 13-1-123, NMSA 1978. The County shall keep these documents on file. The Architect may maintain a complete reproducible set of any and all record documents developed under this Agreement.
- B. All documents, including drawings and specifications prepared by the Architect pursuant to this Agreement are instruments of service in respect to a project. The Architect shall not be liable should the County use the documents, in whole or in part, in the future when the Architect's services are not retained.
- C. The original drawings may be marked by the County or the Architect to designate any restrictions of use of these documents.
- D. Copyright: No reports, maps, or other documents produced in whole or in part under this Agreement shall be the subject of an application for copyright by or on behalf of the Architect.

## **26. MAINTENANCE**

Ease of maintenance and the ability to repair major items of installed equipment by replacement are essential to all projects. To ensure that these services can be adequately performed after a project is accepted by the County, the Architect shall:

- A. In all relevant Contract Documents, design and provide for all major installed equipment in the project, including but not limited to, removal, access, maintenance, and storage space needs. This Agreement shall, upon due execution by all parties, become effective as of the date first written in Part A and shall terminate one (1) year later with an option to renew an additional one (1) year, for a total of no more than four years, unless earlier terminated pursuant to Section 4 (Termination) or Section 5 (Appropriations and Authorizations) of these General Terms and Conditions.

**3. ADDITIONAL SERVICES**

- A. The parties agree that all tasks set forth in Section 1, (Scope of Work) above and Section 5 (Basic Services) of Part A of the Agreement, or Attachment 1 for a project assignment, shall be completed in full, to the satisfaction of the County, for the amount set forth in Section 4 (Compensation), Invoicing, and Set-Off of Part A of this Agreement, or Attachment 1 for a project assignment, and for no other cost, amount, fee, or expense.
- B. The County may from time-to-time request changes in the Scope of Work to be performed hereunder or under a project assignment. Such changes, including any increase or decrease in the amount of the Contractor's compensation, which are mutually agreed upon by and between the County and the Architect, shall be incorporated in written amendments to this on-call Agreement using the Exhibits C, D or F amendment forms as applicable.

#### 4. TERMINATION

- A. Termination of Agreement for Cause. Either party may terminate this Agreement based upon any material breach of this Agreement by the other party. The non-breaching party shall give the breaching party written notice of termination specifying the grounds for the termination. The termination shall be effective 30 days from the breaching party's receipt of the notice of termination, during which time the breaching party shall have the right to cure the breach. If, however, the breach cannot with due diligence be cured within 30 days, the breaching party shall have a reasonable time to cure the breach, provided that, within 30 days of its receipt of the written notice of termination, the breaching party began to cure the breach and advised the non-breaching party in writing that it intended to cure.

The notice shall specify the effective date of termination, which shall not be less than 15 days from the Architect's receipt of the notice. The County shall pay the Architect for acceptable work, determined in accordance with the specifications and standards set forth in this Agreement, performed before the effective date of termination but shall not be liable for any work or service performed after the effective date of termination.
- C. Any termination of this on-call Agreement will terminate a project assignment made under this on-call Agreement. In the event of termination, all finished or unfinished documents, data, sketches, calculations, estimates, records, schedules, studies, drawings, maps, models, photographs, reports, and such other information and data accumulated in the performance of services under this Agreement, whether complete or in progress, prepared by the Architect under this Agreement shall become the County's property, and the Architect shall be entitled to receive compensation for actual work satisfactorily completed hereunder, including reimbursable expenses authorized by the County which are then due.
