The Board of County Commissioners ("BCC") of Santa Fe County, New Mexico, a political subdivision of the State of New Mexico ("County") plans to develop a bicycle/pedestrian trail along the Arroyo Hondo from the NM 599 Rail Runner Station to the Santa Fe Community College with connections north to Fire Place Rd., the future I-25/Cerrillos Rd Interchange and along Richards Ave. to the future Southeast Connector. The trail will be known as the **Arroyo Hondo Trail**. As part of its development of the Arroyo Hondo Trail, the County requests permission from property owners within the project area for Santa Fe County and its agents or contractors to enter a portion of your property where required to conduct preliminary inspection and project development activities for the Arroyo Hondo Trail Project. These inspection and project development activities are part of the County's due diligence in determining what real property or property interests need to be acquired by Santa Fe County for the completion of the Arroyo Hondo Trail Project.
